## SCOTLAND.

**ING** Muley Abdalla is at Bolegan, a Place between Morocco and Saphia, where he takes Care to keep a considerable Magazine of Provisions, and his Party increases every Day. The Queen his Mother resides with her Court at Saphia: But as a 4th Party is now in Favour of a new King, supported by the Law of Tetuan, whose Daughter he married, 'tis much to be feared that we shall not soon see an end of the Troubles in this Country; the rather, because this new King, who is endowed with very good Qualities, is very fond of the Europeans, and the Affection which his Subjects also begins to show to them, it seems that they are very much influenced by his Example.

**London, July 10.** The Greyhound Man of War sailed hence for Gibraltar; as are also 19 English Merchant Ships, 2 Swedes, and one Dutch Ship, for several Ports. There are now here two English Men of War, viz. the Gibraltar and Dauphin, commanded the one by Capt. Norris, Son to the Admiral of that Name, and by the Lord Aubrey Beaulecker; and 75 Merchant Ships of the same Nation, 10 Dutch, 9 Dutch, 8 Swedes, 3 Spaniards, 2 Maltese, and 2 Danes.

**London, July 26. O. S.** The Affair of the Velt of de Seckendorf is like to be very soon determined in his Favour; for, 'tis said, that the Court already sent Orders to Gratz to take off his Guard, let him wear his Sword, and to walk where he pleases about the Castle; to receive Visits from whom he thinks fit, and write Letters, &c.

**London, July 27. O. S.** The Canal at Gravelin, which is to be 18 Foot deep, is already so far advanced as to be 12 Foot in Depth; and the Workmen, in digging, discover'd the Ruins of an ancient Wall, which was so spacious, that Julius Cæsar, as they say, had no less than 500 Vessels in it at one

**Edinburgh, Aug. 8.** Last Week arrived the Right Hon. the Marquis of Bowmont, and the Hon. Mr. Spencer, Brother to his Grace the Duke of Marlborough, from London. Also

George Drummond, younger, of Blair, Esq; Secretary of the Order of the Thistle, with his new-married Lady, Daughter to the Earl of Stamford.

A Petition was presented on Tuesday last to the Lords Commissioners of Justiciary, praying a Suspension of a Sentence of Death pronounced upon Hew Brown by the Earl of Loudoun's Bailie, for the Crime of Bestiality: A great many Reasons were offered why it should be granted, but their Lordships found the Trial had proceeded in a fair and legal Way, and no Ground for suspending the Execution. He is to be hanged on Wednesday.

We hear a Review of the Forces is designed on Friday next.

We learn from Cullen in Banffshire, that on Saturday was se'nnight the Right Hon. John George Lord Banff, and James Lord Deskford, went out after Dinner to bathe in the Sea at the Black Rocks near Cullen, the Seat of the Right Hon. the Earl of Findlater, and after swimming some Minutes, Lord Deskford propos'd to move out again, for that it was cold. They accordingly returned, and Lord Deskford began to put on his Cloaths. In the mean time my Lord Banff went in once more for a few Minutes, and came out again: But unfortunately stepping in a third time, and beginning to swim out, a Surge threw him down, and tho' he gave a Signal, yet he perished before Assistance could possibly reach him. His Loss is justly regretted by all who knew him, as he was blessed with many Endowments not to be expected of his Age, being but 21 Years. He was lately married, but leaving no Issue, is succeeded in Honour and Estate by his only Brother Alexander, now Lord Banff, who is at present in the Navy. The Corps was interred on Tuesday last in the Burial-Place of the Earl of Findlater at Cullen.

Friday last the Duke of Gordon and the Earl of Aberdeen, set out for the North.

We learn from Falkirk, that last Sunday Afternoon, when the Congregation was met in the Church, and the Minister was about to begin the Service of the Day, of a sudden one of the Ropes that hang the Paces of the Clock gave way, but the weighty Log falling first upon a Joist, it broke the Fall much; however, redounding with a hideous Noise upon a Loft above the Pulpit, it so alarmed both Parson and Flock, (who concluded the whole Fabrick was tumbling down about their Ears) that they rush'd over one another in such Hurry and Confusion, that many were bruised and trode under Foot. The Magistrate of the Place, who seem'd to be the Man of most Resolution, called out, that there was now no Danger, intreating the Minister to proceed, and the Peoples Attention, but to no purpose; nor could he and the Minister at all persuade them to re-enter the Church to hear Sermon, so that a Tent was erected in the Fields for that End. Several were indeed hurt, but others were so affected with imaginary Ailments, that the Gardeners in the Neighbourhood were employed the Remainder of that Day in Bleeding and Bone-setting.

There is just passing the Great Seal here, a Remission in Favour of Isabel Walker, sentenced to be hanged for murdering her Bastard Child, by the Lords of Justiciary, last Circuit at Dumfries.

We hear that James Douglas, second Son to Mr. George Douglas of Freshaw, Advocate, his Majesty's Solicitor for Tithes, was lately appointed by the Lords of Admiralty, Lieutenant of his Majesty's Ship the Tyger, 50 Guns, and 300 Men, Capt. Deering. He was formerly a Lieutenant in another of the King's Ships.

## COUNTRY NEWS.

**Exeter, Aug. 11.** This Day Zacharias Sutton and John Taylor, condemned at our late Assizes for Devon, are to be executed. Yesterday they, of their own free Will, and without having been at all solicited, sent in haste for a Printer, and requested him to write down from their Mouths the Accounts which

they desired should be published to the World concerning them, and accordingly gave him a large Detail of the many notorious Crimes they had committed, one of 'em for a long Tract of Years.

**Bristol, Aug. 12.** At the Assizes at Gloucester, which ended last Tuesday, before Mr. Justice Danton, the four following Persons received Sentence of Death, viz.

John Owens, for stealing a brown Mare and a Gelding, the former the Property of Stephen Scott. William Morgan, for robbing William Webb of Tything of 9 l. 6 s. on the Highway.

Henry Arvin, and Nathaniel Webb, for robbing Edward Bartlett, Gent. of a Silver Watch, 5 s. and several other Pieces of Money, on the Highway. They committed several other Robberies, and were discover'd by Webb's pulling out the Case of the said Watch at a Publick House in King's-Wood, before some Colliers, who, on Account of his mean Dress, took him in Holt; and Arvin was also taken on the Road by Accident, by the Persons that guarded Webb to Justice Player's, in order for his second Examination, having then changed his Cloaths for his Escape.

Ordered to be transported for seven Years, John Paisly alias Cockney, Robert Stuart, Thomas Brooks, Henry Cole, Thomas Pulliam; and for fourteen Years, Thomas Scovell, and William Chiswell, who were condemn'd the last Assizes.

Burnt in the Hand, Walter Price, and Robert Shurmar.

**Norwich, Aug. 12.** On Friday the 4th of this Instant August, about Eleven in the Forenoon, a Fire broke out at a Baking Office in Fakenham, and before it could be extinguished, burnt down about 26 Dwelling Houses, besides a Malting Office, Barns, and other Out-houses: The Church was several Times on Fire, but by the Diligence of the Inhabitants was as often happily extinguished, with very little Damage. We are credibly informed, that some of the chief Inhabitants of the said Town of Fakenham design to petition in Person throughout the Country, for the Relief of such Sufferers by the above said Fire as are thoroughly become Objects of Charity.

The Fire at Barton Tost was last Week misrepresented: The Particulars were as follow. The Rogue first of all broke open a new House of Mr. Robert Edrich's, and took from thence out of a Corner Cupboard 6 Silver Tea Spoons and Tongs, with two Bottles of Wine, and set Fire to the House. The Money that was thought to be taken out of that House was afterwards found amongst the Ruins. After the Rogue had set Fire to the new House, he went to Mr. Edrich's Dwelling-House, took his Breeches from under his Pillow, in which was his Gold Watch and some Silver, which he carried off, with a Box of Writings that was afterwards found in a Piece of Oats, and 3 Guineas left in a Piece of Paper at the Bottom of the Box.

**Canterbury, Aug. 12.** On Tuesday last the King's Plate of 100 Guineas was run for upon the Course on Barham Downs, which was won by Mr. Hurton's Mare, Aquilina, who beat Mr. Matthew's Gray Gelding, Try me and See me.

On Wednesday Mr. Grefwood's Chestnut Mare, Lady Thigh, beat Mr. Major's Roan Mare, Miss Layton, and won the Plate of 40 Guineas.

On Thursday Mr. Stringer's Brown Gelding, Wou'd if he cou'd, beat Mr. Banks's Gray Gelding, Who can tell, and won the Right Hon. the Earl Cowper's Plate of 20 Guineas.

Yesterday Mr. Whitchick's Brown Mare, Milk-Maid, had the 20 Guineas given her, nothing being entered against her.

We hear of a sad Accident which happen'd on Wednesday last at Barsted, viz. A Farmer's Man being seized with a sudden Frenzy or Madness, a poor Labourer was sent for to prevent his doing any Mischief; but just as he enter'd the Door he knock'd him down with the Fire-Shovel, and repeating his Blows, beat his Head all to Pieces. The Farmer's Man was afterwards secured, and chain'd down in his Bed.

**ANTI-SYPHILICON**  
THE only short and most infallible

Cure in the Universe for the Venereal Disease, from the slightest Infection to the most extreme and dangerous Degree of it, even when the Blood and Juices are roughly contaminated with its malignant Virus, and the Bones are affected with it.

Fresh Infections, call'd CLAPS, with all their Symptoms, tho' ever so severe, are entirely cured in a few Days, and so as effectually to prevent the Blood and Juices from being tainted with any remaining Poison on one Hand, or a venereal Gleet or Weakness on the other.

And the most inveterate Degree of the French Disease attended with Nocturnal Pains, universal Pruritus, and all the other most exasperated Symptoms, are overcome by it, and effectually and much more speedily than by Salivation, Inunction, or any other whatsoever, and in so easy and pleasant a Manner, without pairing Strength, or occasioning any Inconvenience, as to bespeak it the only apposite Remedy or true Antidote in the World; and this some Thousands have their great Joy experienced.

It is pleasant to take, occasions no Sickness or Discomfort, nor requires Confinement; but may be taken, and the Cure be accomplished, without the Knowledge of the Friend.

Those who suspect they have received an Injury, by only a Dose or two of it, be perfectly freed from Apprehensions; for it suffers no lurking Venom in the Body, but wholly extirpates it Root and Branch, in a gentle, easy, and most effectual Manner.

All such likewise as doubt they have some remainingicks of former Injuries, may by a few Doses of it entirely themselves from all Suspicion of that Kind, for it admits no Foulness, Corruption, or Putrefaction whatever, it remains in the Fluids, or to adhere to the Solids; and its Account, in all scorbutick, scrophulous, and even Eruptions or Foulnesses of the Skin, Glandulous Swellings and Impurities of the Juices, it does more by one than any other Medicine yet known can by ten.

The Price of this most Noble ANTI-SYPHILICON is Six Shillings a Pot, which, considering its extraordinary efficacy, one Pot only being sufficient in most Cases to accomplish the Cure, is not a tenth Part of its Value; and is pointed by the Author to be had only at Mr. RANNEY Toyshop, at the Rose and Crown against St. Clement Church-Yard in the Strand, ready sealed up with a Paper containing Instructions, by the Perusal of which, all Persons who are ever affected with any Degree of the Venereal Disease, perfectly understand their own Condition, and can know when, and when not, the Venereal Poison is rooted out of their Bodies.

Note, Ask only for a Six Shilling Pot for the Security.

**The GREAT RESTORATIVE**  
WHICH speedily and infallibly

cures all HYSTERICK DISEASES, whether in Men or Women, ever circumstant, or to what Degree, soever advanced, ever so long standing, so as never to return again; by a most potent compound Medicament, chymically prepared of the Anti-Hystericks in the whole Art of Chymistry.

This Medicine having cured Thousands of Men and Women of Melancholy and Vapours, may be depended on for a Cure; it strikes immediately at the first Cause of this Disorder, and entirely destroys it Root and Branch, redressing the vitiated Ferment in the Stomach, which is generally the chief Cause, and thereby cures Indigestion, purges the Blood and Spirits, strengthens the Brain and Nerves, of the whole Frame, stops Vomiting, clears the Head from fust Thoughts, removes Fears, Sadness, diffidence, Twitchings of the Arms or Legs, eases Palpitation, or the bling of the Heart; and indeed all other the many Symptoms that attend this grievous Distemper, by removing the Cause, and the Effect will cease.

It is sold for 4 s. 6 d. the Bottle, at Mr. Sandwell's at the Sign of the Griffin, the Corner of Bucklersbury the Poultry and no where else. Where it has been sold 20 Years, with the greatest Success and Benefit to the Patients notwithstanding the many Counterfeits since its first Publication.
